Principal's Report

Wednesday 12 September 2018

Term 3

This term has flown by and as I reflect on the term that was, it's difficult to comprehend that it's come to an end already. During next week's community forum I will;

1. Articulate our personnel and structural plans for 2019
2. Articulate our fiscal plans for 2019
3. Respond to our survey results and;
4. Answer questions on notice.

I really believe in the importance of these sessions along with my reporting to the school board, whereby I can account for every single cent expended throughout the year. While the safety health and wellbeing of our students is my number 1 concern, being able to account for the efficient use of over \$4 000 000 of public money is also important. These forums allow me the opportunity to be as transparent and open about the school's operations as possible.

Edudance

Last week's concert was absolutely brilliant. The children performed well beyond expectations and the worth of the program was on display for all to see. I thank all of the parents/carers and community members who showed up to support our students in this endeavour.

Athletics

Today's athletics carnivals went especially well. We trained hard, competed with distinction and outstanding effort, demonstrated outstanding sportsmanship and behaved in an exemplary manner throughout the day of competition. While we came second, I couldn't ask for anything more from our students. I look forward to our second half of the carnival on Friday.

NAPLAN

Individual student reports left Melbourne today from ACARA.

Data analysis from SCSA won't be ready until Term 4 2018.

David Knox
