	3	Policies	Policies David has ensured that all policies are now uniformed and will be renewed in June 2021. David has also updated the policies after receiving, suggestions from staff and the board. Mobile Phone Policy to be slightly updated. At the start of the year, parents need to notify class teachers which students have a mobile phone to ensure teachers know who to get the phones from.			David
	4	Financial Report	David went through our current financial situation. He is very happy with our financial position. Due to the positive financial situation, David and Elaine were able to employ an EA for a Kindergarten class. An EA is required due to a student that needs extra support. However, he would have liked more spending to have gone through, but it is not a major issue.			David

	5	NAPLAN report	<p>Due to the nature of how NAPLAN was administered this year across all schools not being consistent.</p> <p>David will not be comparing like schools due to the administration of the test this year. South Padbury will focus on the data that tells us what students know and do not know.</p>			
	6	<p>Student tracking system</p> <p>These are then outlined in students Individual Education Plan.</p>	<p>David showed the Board how he tracks the students and teachers through Performance Management. He uses a green, yellow and red colour coded system to identify students who are needing extension or require support. Teachers have the same monitoring from David to ensure staff are meeting the requirements of the operational plans.</p>			David
	7	<p>Student enrolments – a contextual view of enrolment trends at South Padbury</p>	<p>South Padbury enrolment trends continue to grow.</p> <p>The reason we do not extend our school number wise is because four hundred students is enough and the other Padbury schools are not full.</p>			David
