# Principal's Report P&C Meeting 8th September 2020

### **School Update**

We are continuing to upgrade areas around the school, and recently had quotes for replacement carpets in classrooms and lino in wet areas, including the medical room. We have also requested an audit from the Department of Education for a possible admin building upgrade, and/or placement on the DoE's Refresh Program, which replaces old fittings, carpets and cabinets.

We are still short of the expected double stream of Kindys for 2021. Kindy students can still enrol and we are hopefully to enrol more before the beginning of next year. We thank parents for being supportive in the local community in regards to encouraging families to enrol at South Padbury. Please continue to promote the school and our Kindy program.

#### **School Events**

Open Night was a fabulous success, and it was wonderful to have such community support. We had approximately 75% attendance from families, based on the sign in sheets. Congratulations again to the hardworking volunteers on the night at the Book Fair and Food Stall.

Faction Carnival plans are powering ahead ready for Friday. In terms of school communication around faction carnival decisions, it is hoped that the community now has more clarity. Over the course of the term, from our 279 families, the school directly received 2 phone calls and 9 emails asking for clarification and/or reconsideration of decisions, and 4 emails of support. The week after the athletics carnival, the school will hold an assembly to present champion medals to winners in each year level, and the winning faction trophy. Parents of students receiving medals will be invited to attend, as will the parents of the winning faction captains.

Edu Dance concerts are coming up in Week 9 and 10. The timing and coordination of the concerts is at the request of Edu Dance, and sees one class from each year level performing at each concert. Both concerts will be filmed and placed on Connect for parents to view. Staff will also take photos for posting on Connect.

### **New in Semester 2**

Connect has been well received by parents with 415 people now hooked in. We have a few parents to follow up from Open Night who requested support with the App. Our SMS Message You program has also been an effective addition to school communication, with the number of unexplained absences significantly reduced thanks to the ease of return text messaging.

Booklists for 2021 will be coming to parents electronically early in Term 4 through school Connect and Facebook. There will be communication to families about this process, and paper copies will be available if needed.

#### **Forward Planning**

The school staff have begun developing the new School Business Plan that will begin in 2021. We have looked at the vision statement and our beliefs around what we think is important for students learning. The next step is to review school data on student achievement and set some targets for improvement. Staffing is well underway for 2021, with several staff returning from maternity leave in a part time capacity. Our current projected enrolments are 397, this is due to lower than normal Kindy numbers.
