The next <b>General Meeting</b> will be:	<b>Tuesday 8<sup>th</sup> December 2020 (week 9, Term 4)</b> 7pm in the staffroom, wine and cheese night!	
Meeting Closed: 8:45pm	-	

# **Principal's Report** P&C Meeting 20th October 2020

The DoE undertook an audit of our administration block, to identify if the school was eligible for an upgrade. Those results are still pending. We are continuing to replace carpets around the school, and have had two hand washing stations installed for students to use, on walls outside Gibson Block. We have had contractors in to price two new Nature Playgrounds. One in the K/PP space and another inbetween Gibson and Carnegie. Once we have draft designs we will seek feedback from students and staff. Final designs will be discussed with the School Board, shown to the P and C, and additional future funding may be requested from the P and C.

### **School Events**

Another busy term with the following school and community events expected to go ahead; Music Assembly, school photos, South Padbury's Got Talent, Year 6 Graduation, Year 1-5 Awards Ceremony and of course camp for Year 6's. There is also a public School Board meeting on Wednesday 25th November. It is also World Teacher Day on Friday 30<sup>th</sup> October.

## New in Term 4

Booklists and all related information for 2021 have been sent to parents electronically through school Connect and Facebook. Paper copies are available from the front office if needed. School reports will also be sent electronically to parents via email at the end of the year. Parents are reminded to ensure email addresses are up to date with the school.

## **Forward Planning**

The school staff are continuing to develop the new School Business Plan that will begin in 2021. We have looked at the vision statement and our beliefs around what we think is important for students learning. We have reviewed school data on student achievement and set some academic targets for improvement. The next step is to look at strategies to support those targets and budget for operational planning. The school is also reviewing and updating many current policies due to online enrolment changes and data collection requirements from the Department of Education. Any major policy changes will be discussed with the School Board and communicated with families were appropriate.

Our current projected enrolments for 2021 are still 397, with a number of prospective families on the waiting list. The school receives enrolment requests from out of boundary families daily. Kindy numbers are slowly increasing.

**Cass Disisto Principal**
